Japan Snow Package - Ski Holidays at Gujo Area Snow Resorts

Winter season of Gujo in Gifu prefecture is one of the most famous winter sports paradise in the central region of Japan. Gujo annually receives deep portions of snow. Ski lifts and gondolas transport snowboarders and skiers to long beautiful slopes tailored for every skill level. After a rigorous day of skiing, there is a selection of hot springs to soothe tired muscles. Each one offers a unique and pleasurable experience.

Snow festival of Takasu

In Gujo Area Snow Resorts, the chill of winter (end of February) is celebrated with elaborate ice sculptures and snow statues. The range of variety is unique and interesting. It would not be uncommon to find America's White House sitting next to an Inuit's igloo, guarded by the Statue of Liberty.
